|---|------------------------------------|----------------------|
|  | GENERAL ORDER | |
| | Vehicle ID in EMS Reporting | |
| | Date: March 16, 2017 | Number: 17.004 |
| | Effective Date: March 16, 2017 | Expiration Date: N/A |
| Approved By: Darren L. Stevens, Fire Rescue Chief  | | |

With the recent placement of Fauquier County owned vehicles in service as front line medic units, it is important to properly identify the vehicles in the reporting system. How these units are identified affects Ambulance Recovery Revenue. Certain recovered funds such as mileage reimbursement goes to the vehicle owner to offset operational costs. To ensure these funds are properly received, the following reporting procedure shall be implemented immediately.

The following county fleet numbers will be used to uniquely identify these vehicles:

Medic 1101 – ES16

Medic 1110 – ES17

Medic 1114 – ES18

On the Imagetrend Elite report, Unit (Vehicle) Number shall be entered as the ESxx number. The Unit (Radio) Call Sign shall be entered as the designator (e.g.M1, M10, M14).

The screen shot below demonstrates how this will appear. During times when a volunteer owned vehicle is run in place of a county owned unit (e.g. unit out of service for maintenance), the volunteer owned vehicle shall be identified per existing policy from the drop down menu.

Questions regarding this general order should be directed to Assistant Chief Ciarrocca.
