The Fauquier County Department of Fire, Rescue and Emergency Management have finalized the EMS Protocol update. Within this update you will find many new skills, interventions, and treatment protocols that the EMS Committee protocols subcommittee have worked diligently to create and become formally approved by our Operational Medical Director, Dr. Michael Jenks.

As such, all career and volunteer system members currently certified at the EMT-Basic level or higher will need to complete a training update provided by an approved EMS protocols proctor.

There will be three Train the Trainer options for providers to attend if they wish to become EMS Protocol proctors.

Tuesday July 3rd 2018, 0900 hours (all designated DFREM proctors will attend this session)

Tuesday July 17th 2018, 1830 hours

Wednesday July 18th, 1830 hours

Location: All of the above sessions will be held at the Fauquier SIM-Lab, 962 Waterloo Road, Warrenton, VA 20186

Each fire and rescue agency operating under the Fauquier County EMS protocols are encouraged to send at minimum, 2 personnel to one of the sessions to provide for adequate ability to provide the protocol update training within their respective stations as needed. Personnel approved as proctors need to be ALS and can only provide updates to personnel at the same certification level or lower.

EMS Protocol proctor candidates will be required to complete an online review of materials prior to attending their chosen class offering. This course can be accessed on myIcourse and will be available beginning 0800 hours on Monday, June 25th, 2018.

The general population of county EMS providers will also be responsible for completion of the myIcourse presentation prior to attending a practical session of the protocol update. An Information Bulletin will be accompanying this General Order with instructions on accessing the myIcourse curriculum.

ALL providers will be required to bring proof of completion certificate from myIcourse to the practical session offering in order to participate. Those arriving without this certificate WILL NOT be permitted to attend the training.

All DFREM personnel working on the below dates will attend a course offering as designated in the attached schedule of unit rotations and at the times referenced. All training will be provided at the following locations.
