

Informational Bulletin

Central Supply

Date: April 26, 2018

Number: 19.018

Effective Date: April 26, 2019

Expiration Date: N/A

Approved By: Mark S. Ciarrocca, Acting Fire Rescue Chief

Effective April 26, 2019, the DFREM central supply cabinet will be fully stocked and ready for use. The cabinet will be located with the current central supply cabinets and will be marked “Fauquier County DFREM Central Supply Cabinet”.

This cabinet will contain all equipment that is not stocked by the hospital. When equipment has been used on a call (i.e. CPAP mask), it is imperative that it is documented under the “procedure” section in ImageTrend. This will automatically generate an e-mail to Mrs. Heather Kidd so that she can keep track of stock levels and order as needed.

Questions regarding this bulletin should be directed to Lieutenant Jessica Potter or Battalion Chief RJ Arft.
