

Informational Bulletin

Mental Health Survey

Date: May 23, 2019

Number: 19.026

Effective Date: May 23, 2019

Expiration Date: N/A

Approved By: Mark S. Ciarrocca, Acting Fire Rescue Chief

The Peer Support Team in Fauquier County is continually focused on the mental health and wellbeing of the department. The direction of the group is dependent on the needs of the department members. Building resiliency, gauging interest in programs for assistance, and providing opportunity for growth of members require guidance and feedback.

In March, a survey was sent out and a total of 28 responses were received. Appreciation is noted to the 28 people that took the opportunity to complete the survey. A higher return is desired to gather data and help direct our efforts in behavioral health, resiliency building, and stress reduction. The Peer Support Team is seeking input from all personnel through the anonymous survey.

The importance of this feedback is also part of a larger study being conducted through the U.S. Marshal's Service. Your results will be placed into a database that represents departments all over the United States. This will allow comparison of local data and notational data.

The Link to the anonymous survey: <https://www.surveymonkey.com/r/FauquierFRD> . The Peer Support Team would like completed surveys to be submitted by June 7, 2019. This will provide data to drive the next steps of the program.

Questions regarding this bulletin should be directed to Lieutenant Isaiah Kehle or Lieutenant Jessica Saunders.
