PURPOSE

To adopt and implement the Northern Virginia Fire and Rescue Department's Operations Manual titled Mid-Rise Building Fires (2013).

SCOPE

All personnel shall become aware, understand, and implement the NOVA operating procedures for Mid-Rise Building Fires. Fauquier County cannot meet the full complement of apparatus needed for an assignment, but the intent is met and relayed through section III, Addendum, created by the Fauquier County Fire Operations Group.

I. PREFACE

- A. The Northern Virginia area fire and rescue departments have been utilizing such manuals for over a decade. The information, strategy and tactics, initial incident command objectives, and various other incident management concepts contained in the manuals represent years of planning and development. This has been completed through numerous incident responses, local and regional pre-incident planning and lessons learned throughout the region and county.
- B. By having the area fire and rescue departments operate on incident scenes using the same manual, consistency and overall situational awareness are known and understood by all operating on scene of incidents. Fauquier County is considered part of the NOVA Fire and Rescue Departments, and by implementing the operating procedures for Mid-Rise Building Fires, consistency for mutual aid companies (receiving and assisting) will be achieved.

II. PROCEDURE

- A. The Fauquier County Fire and Rescue Association in conjunction with the Chiefs Group and the Fauquier County Department of Fire, Rescue, and Emergency Management, hereby adopt the Northern Virginia Fire and Rescue Department's Operations Manual: Mid-Rise Building Fires (2013).

NOVA Mid-Rise Buildings		No. 214
Effective Date: January 1, 2018	Revision Date:	Page 2 of 2

- B. All members in the Fauquier County Fire and Rescue System (career and/or volunteer) shall adhere to the procedures and roles/responsibilities outlined in the Mid-Rise Building Fires manual (2013).

III. ADDENDUM

- A. The following amendments to the response compliment associated with the NOVA Mid-Rise Building Fires Manual have been adopted by Fauquier County.
 - 1. Response Compliment
 - 4 Engines
 - 1 Truck or Rescue (Interchangeable)
 - 2 Chief/Command Officers
 - 1 ALS/BLS unit
 - 2. Non-Hydrant Response
 - 3 Tankers
 - 1 Additional Engine
- B. Due to the size of mid-rise buildings, on confirmed working fires, the incident commander should consider requesting additional resources to ensure that two Trucks respond.
