BC1101 Attendance Each Day					

The intent of this in-service exercise is for staff members to demonstrate the practical skills associated with successfully mitigating and/or surviving an emergency event at which a Mayday occurs. The training will occur in an acquired structure and provide for realistic circumstances which could be encountered during an actual event.

A roaming staffed (3 personnel) Medic unit will be utilized to fill stations and cover the first due areas which have units committed to the training evolution.

Any Volunteer personnel who wish to attend this training should contact the Training Division to take advantage of this opportunity. A station which wishes to utilize the acquired structure to conduct any non-destructive training can also contact the training division or Chief 1104 to schedule a time slot.
