

Informational Bulletin

Vaccine Clinic Scheduling

Date: March 30, 2021

Number: 21.022

Effective Date: March 30, 2021

Expiration Date: N/A

Approved By: Darren L. Stevens, Fire Rescue Chief

Vaccine clinics will no longer be auto-populated in Telestaff. Once the schedule is received from the hospital, then the dates that the clinics will occur will have vaccine team shifts deployed. With this change in scheduling, and the increasing number of people able to become vaccinators, vaccine clinics will now count as a "Last Overtime Work Date" for the purposes of fairness sorting. This will apply to vaccine clinics posted to the schedule for dates after April 2, 2021. ROT codes will continue to apply for anyone that refuses a vaccine shift.

Vaccinator eligibility is open to EMT-B and higher. Each clinic will be staffed with a minimum of one Medic and one AEMT. Anyone who wishes to obtain vaccinator credibility should contact their respective EMS Supervisor.

Vaccine Clinic Schedule (as of 3/29/21) Providers will be scheduled to arrive 1 hour prior to the listed start time below. There is possibility that the time could be extended, or shortened. Should this happen please request adjustments to the schedule through the On-Duty Battalion Chief.

- Friday 4/2 Johnson and Johnson Clinic from 9am-2pm
- Wednesday 4/7 2nd dose Pfizer Clinic from 9am-1:30pm
- Thursday 4/8 1st dose Pfizer Clinic from 11am-2:30pm
- Saturday 4/10 2nd dose Pfizer Clinic from 8am-3:30pm
