## Warrenton Fire Company Emergency Staffing

Date: August 3, 2021

Number: 21.036

Effective Date: August 3, 2021

Expiration Date: N/A

Approved By: Darren L. Stevens, Fire Rescue Chief

On August 5, 2021 Fauquier County Department of Fire and Rescue will implement and integrate our traditional station staffing package at the Warrenton Volunteer Fire Company located at 167 West Shirley Ave, Warrenton VA 20186. The station staffing model will be comprised of three additional personnel per shift; Station Officer (FO), Technician (DO) and Technician. Medic 1101 will continue to be nominally staffed but will relocate and deploy from Fire Station 1 immediately.

Over the next thirty days leadership will evaluate the usage and deployment of personnel and resources at the Warrenton Fire Company. The intent of emergency staffing is to collaboratively ensure adequate Fire and EMS protection continues to be delivered to the public in which we serve. Working collaboratively has continuously proven to be instrumental in the success of the Fauquier County Fire and Rescue System. Understanding the dynamics each unique station brings to the system is imperative and must be handled appropriately. Continuous planning and daily communication will allow for various staffing scenarios to ensure the closest most appropriate resources respond to all emergencies.

Questions regarding this informational bulletin should be directed to Assistant Chief Gillam.
