

Informational Bulletin

Peer Support Survey

Date: March 29, 2022

Number: 22.012

Effective Date: March 29, 2022

Expiration Date: N/A

Approved By: Darren L. Stevens, Fire Rescue Chief

Fauquier County's Peer Support Team is continuously focused on our department's mental health and well-being. The direction of the group is dependent on the needs of the department members. Building resiliency, gauging interest in programs for assistance, and providing the opportunity for growth of members requires guidance and feedback.

The Peer Support Team is seeking input from all personnel through an anonymous survey. A high return in responses will assist The Peer Support Team and our leadership with seeking out the most effective options available to support the department and individuals as needed with establishing and managing behavioral health, resiliency building, stress reduction, and management of burnout.

We ask that all members click on the following link and take our short and completely anonymous survey. The survey will also be available on Target Solutions.

We request that responses be submitted by 30 April 2022 and appreciate all input received!

Questions regarding this bulletin should be directed to Battalion Chief Natasha Lorenzen.
